Wordle

## A screenshot of a Pygame window titled "pygame window". The window displays a 2D grid with a light green and yellow checkerboard pattern. A blue path is drawn on the grid, starting from the top right and moving left, then down, then left again, and finally down to the bottom right. There are three red squares on the grid, representing obstacles: one at the bottom left, one at the bottom right, and one at the top right. The window has a standard macOS title bar with a yellow icon, a minus sign, a square button, and a close button.
